According to a Russian military doctrine stated in 2010, nuclear weapons could be used by Russia "in response to the use of nuclear and other types of weapons of mass destruction against it or its allies, and also in case of aggression against Russia with the use of conventional weapons when the very existence of the state is threatened". Most military analysts believe that, in this case ...

Unicron created the Mini-Cons to be mindless tools, sent to Cybertron as an agitating element to the Transformers' civil war. The power-enhancing "smart tools" would be unleashed upon the populace, who would snap them up and bond with them, and the war would only get more destructive, as Unicron drank in the negative psychic energies from the death and destruction.

In contrast to all the loud talk about terrorism, weapons of mass destruction, and human rights violations, very little is being said about oil. The administration has been tight-lipped about its plans for a post-Saddam Iraq and has repeatedly disavowed any interest in the country's oil resources. But press reports indicate that U.S ...

The Vietnam War brought out this human capacity for creative destruction on a grand scale, even if it manifested itself a little differently on both sides. The United States was blasting into the Space Age and, with that surge of technology, came chemical defoliants, like Agent Orange and jet aircraft that could break the sound barrier.
